To Whom It May Concern:

Please note that the UP Open University's system of open, online, and distance learning allows our students to study while working. One the UP Open University's objectives is to provide a system of education to those who cannot leave their jobs; for more information, please see <https://www.upou.edu.ph/about-us/overview/vision-mission-and-objectives>.

Students who are enrolled in the Bachelor of Arts in Multimedia Studies (BAMS) program do not need their Program Chair's consent to pursue work while they study.

Best wishes,

DIEGO S. MARANAN, PhD

Assistant Professor, Faculty of Information and Communication Studies
